The Superintendent/President shall establish procedures regarding the reporting and investigation of suspected unlawful activities by employees, and the protection from retaliation of those who make such reports in good faith and/or assist in the investigation of such reports. For the purposes of this policy and related procedures, “unlawful activity” refers to any activity—intentional or negligent—that violates state or federal law, local ordinances, or District policy.

The procedures shall provide that individuals are encouraged to report suspected incidents of unlawful activities without fear of retaliation, that such reports are investigated thoroughly and promptly, remedies are applied for any unlawful practices, and protections are provided to those employees who, in good faith, report these activities and/or assist the District in its investigation.

Furthermore, employees shall not:

- 1) retaliate against an employee or applicant for employment who has made a protected disclosure, assisted in an investigation, or refused to obey an illegal order;
- 2) retaliate against an employee or applicant for employment because the employee or applicant is a family member of a person who has made a protected disclosure, assisted in an investigation, or refused to obey an illegal order; or
- 3) directly or indirectly use or attempt to use the official authority or influence of his/her position for the purpose of interfering with the right of an applicant or an employee to make a protected disclosure to the District. The District will not tolerate retaliation, and will take whatever action may be needed to prevent and correct activities that violate this policy, including discipline of those who violate it up to and including termination.
